

CREATIVE MUSIC PROJECT

Mr. S.

Your task is to create something original and musical. It does not have to be 100% original, but there must be a creative and original component. You can also add a video element and/or dance element as well (although these are not required).

DUE DATE:

Your exact due date depends on your class/school. However, the week that all of these projects are due is the second week of May (8th-12th).

Examples of possible projects:

- a completely original song (recorded original music, lyrics, etc.)
- a parody of an existing song (you use the beat to a song but change the lyrics)
- an original instrumental (could be a variety of styles: classical, pop, country, etc.)

You need to PERFORM your composition for the class on the due date in some way.

Either you:

-PERFORM LIVE

or

-PLAY A RECORDING (audio, music video, lyric video with audio, etc.)

The minimum time frame is 15 seconds, and the max is 2 minutes. If you are only doing 15 seconds, you need to cram a lot of creativity into that short amount of time. Don't think that longer necessarily means better. Do whatever is best for your composition. Just have fun with it and be as creative as you can be!

WHAT NOT TO DO

- You cannot use any AI to help you.
 - You cannot simply copy a parody someone has already created.
 - You cannot just make up a dance to a pre-existing song. Remember, this is a music project not a dance project.
 - Your song/video cannot contain anything deemed inappropriate for school.
 - You cannot work in a group larger than four people.
 - If working in a group, you cannot have one person do all the work while you just dance in the corner.
- Everyone should contribute something creatively to the project.**

-RUBRIC IS ON NEXT PAGE

You are graded on the following criteria:

CREATIVITY - use of imagination and original ideas

EFFECTIVENESS - successfully communicated artistic ideas to audience

ENTERTAINMENT VALUE - affects amusement, enjoyment, and interest in audience

PRODUCTION QUALITY - recording/performance is polished and put together

	LEVEL 1 Very little	LEVEL 2 Some	LEVEL 3 Considerable	LEVEL 4 High degree
